Barbed-wire Telephone Line—

Cured Fruit.

(BY DIRECT WIRE TO THE TIMES.)
TACOMA, Wash., March 1.—(Exclusive Dispatch.) The action of the Postoffice Department in ordering the postoffice moved from Newport, Idaho, to the railroad station, or new town, of Newport, in Washington, has stirred up the "old town," and the majority of citizens and business men will quit Idaho and move over into Washington.

The State line dividing Idaho and Washington passes almost directly through the center of Newport, and those living on the Idaho side have no desire to be wiped off the postoffice map.

The principal business houses will move over as soon as the improvements under foot will allow work to be done to advantage. There are a dozen business houses and two scores of dwellings on the Idaho side to be shifted. Washington will add 200 to her population by this move.

INCESTUOUS COUPLE'S CRIME.
ABANDONED THEIR INFANT.

(BY DIRECT WIRE TO THE TIMES.)
BAKERSFIELD, March 1.—(Exclusive Dispatch.) Harry and Nellie Pendergast were arrested this afternoon by Sheriff Buckner of Hanford, Parker of Visalia, and Borgwardt of Bakersfield on a charge of abandoning an infant, two weeks old, at the Vendome Hotel at Hanford, February 13. The mother was a native of California and was arrested at the home of her mother, fifteen miles west of here.

They left last fall and went to Visalia, where Pendergast was employed as a wood chopper. They lived together as man and wife, and gave their names as Mr. and Mrs. Harry Jones. On February 14 a baby was born to the Pendergast woman, and the couple went to Hanford. Pendergast did not show himself, but the sister went to the Vendome Hotel, where the baby was left.

The infant there, its cries attracted the attention of the guests, and it was found almost smothered. The mother was a native of California and was arrested at the home of her mother, fifteen miles west of here.

Barred-wire telephones.
CINQUEMISE-MILE LINE.

(BY DIRECT WIRE TO THE TIMES.)
TACOMA, March 1.—(Exclusive Dispatch.) A telephone system, using a common barred-wire fence as the means of conducting the voice of its patrons was placed in use at Pullman today, and works nicely, conversation being held over this as easy as over any long-distance telephone line. The line runs from Tynes Hotel, in Pullman, to a farm nine miles south of town, and was placed in operation by Pullman for their own private use.

The line consists of barbed-wire fences along the road from Pullman, and where there is a break in the fence a regular telephone wire is used to connect it with the nearest fence running in the desired direction. Where roads are encountered and there is a break in the fence on this account, poles are placed in the ground and the wire is strung high enough above the road to allow vehicles to pass under.

The entire line, also miles in length, with four telephones, cost less than \$100.

CURED-FRUIT BUSINESS.
CHANGES IN BYLAWS.

(BY DIRECT WIRE TO THE TIMES.)
SAN JOSE, March 1.—(Exclusive Dispatch.) The committee of growers appointed to draft amendments to the bylaws of the Cured Fruit Association and report at the nominating convention, meets tomorrow. The sub-committee to whom were assigned portions of the bylaws to report upon have been busy this past week, and will report back to the committee tomorrow some radical changes.

In the matter of the expenses of the association, one sub-committee finds that so part of the operations of the association has met with so much criticism as that of expense. It will report to the committee that it deems an expensive board, composed of three members, besides a president, at \$200 per month, an expensive luxury. The inspection system is also under consideration for the amount of work accomplished.

CUBAN POSTAL FRAUDS.
FULL INFORMATION SECURED.

(BY THE NEW ASSOCIATED PRESS.—P.M.)
WASHINGTON, March 1.—Senator Platt of Connecticut, chairman of the Senate Committee on Relations with Cuba, today submitted to the Senate a report of the committee on the result of its investigation of irregularities in Cuba. The committee details the extent of the investigations, but makes no recommendation beyond that contained in the following paragraph:

"In the opinion of the committee, the information obtained is so full and specific as to render further investigation and inquiry unnecessary, especially in view of the fact that the alleged frauds in connection with the postal revenues of the island are now being investigated by the courts of Cuba, in many cases, and it is deemed to have been properly and misapplied postal funds are being prosecuted."

The investigation cost \$14,943.

LAST CABINET MEETING.
MEMBERS HAVE RESIGNED.

It is believed that the plans of the syndicate for this time being deal only with the acquisition of the San Jose properties, negotiations for the purchase of the First-street line, the San Jose, and Santa Clara Electric line and the Alum Rock motor line being now in progress.

LUCKY ESCAPE OF SUNOL.

(BY THE NEW ASSOCIATED PRESS.—P.M.)
SAN FRANCISCO, March 1.—During a dense fog this morning the steamer Sunol struck a rock known as the "Bitter" in San Pablo Bay, but escaped injury.

The steamer was on the way down from Vallejo and was proceeding at a moderate rate of speed owing to the fog, when suddenly the rock loomed up. Before the course of the Sunol could be changed her bow struck the rock, and she was only a slender blow and the steamer was not damaged.

There was considerable excitement among the passengers when the steamer struck.

SAN JOSE JUSTICESHIP.
DECISION FOR RICHARDSON.

(BY THE NEW ASSOCIATED PRESS.—P.M.)
SAN JOSE, March 1.—In the suit of Orest D. Richardson vs. C. W. Cobb, to obtain possession of the office of City Justice, Judge Rhodes today gave a decision in favor of Richardson upon similar grounds to those covered in the case of the Auditor. Cobb is the incumbent of the office, having been appointed to fill a vacancy. Richardson, who is a Democrat, was elected to the office last fall, the Republicans holding that the appointment was not until the next general election, as decided by Judge Rhodes.

ELECTRIC COMBINATION.
SYNDICATE TO ACQUIRE ROADS.

(BY THE NEW ASSOCIATED PRESS.—P.M.)
SAN FRANCISCO, March 1.—The Chronicle will say tomorrow that if the plans of the syndicate of eastern capitalists represented by J. L. Blackwell of Baltimore are carried out, the electric, gas and street-railway properties of San Jose will be absorbed into a big combination that will probably extend its operations to this city and take in a number of similar properties in intermediate points. The plans of the syndicate are being kept as much in the dark as possible, it is learned, but it is known that the syndicate is after all the San Jose electric lines, in addition to gas and electric-light properties, and it is said the scheme embraces a plan to extend the system of electric lines to this city, taking in the San Francisco and San Mateo Electric

Both the Chinese plenipotentiaries admit that they fear to refuse these demands, although recognizing that compliance means the loss of a province to the manufacture of arms and the manufacture of arms and the manufacture of arms.

NOTHING EQUALS IT

For the Cure of Cataract.

A physician now retired from practice, but who still keeps abreast of the times, in speaking of the advance made in medicine in the last ten years, says: "One of the most obstinate and hard to cure diseases is the very common trouble, cataract."

Nasal cataract is only one of its many forms; cataract of the throat, cataract of the stomach, bowels, liver and bladder are very common, but the sufferer usually thinks it is something else than cataract and is treated for the wrong disease.

The best and most successful treatment for any form of cataract is now admitted to be by internal remedies through the stomach, and the safest and probably the most efficient is in the tablet form, sold by druggists as Stuart's Cataract Tablets.

I have seen many remarkable cures of cataract resulting from regular daily use of these tablets, which seem to act on the blood and liver, driving the cataractal poison out of the system through the natural channels.

I once had occasion to analyze these tablets and found them to contain no cocaine nor opiates, but simply a combination of harmless antiseptics like Eucalypti, Gualacol, blood root, etc.

At any rate I have known of severe cataractal headaches which were cured by Stuart's Cataract Tablets, and cataract of the throat and stomach speedily show great benefit after a few days' use of the remedy, and when it is remembered that regular daily use of these tablets, which seem to act on the blood and liver, driving the cataractal poison out of the system through the natural channels.

Big Cocking Main Near Buffalo—Shamrock a Freak.

Racing Results.

BY THE NEW ASSOCIATED PRESS.—P.M. DENVER, March 1.—"Kid" McPartland of Denver in the fourth round of what was to have been a ten-round fight before the Colorado Athletic Club tonight. Referee English stopped the fight after McPartland had landed a left on the body and a right to the jaw.

King was staggering around the ring, and McPartland was trying to get to him, but the referee stepped between them and announced that McPartland had fouled King with a body blow, and declared King the winner. Almost the entire audience began to boo the referee and cheer McPartland, to express their disapproval of the decision.

FIVE WINNING MOUNTS HIDDEN BY O'CONNOR.

PAT DUNNE'S COLORS BORNE TO VICTORY THREE TIMES.

Judge Investigate the First Race, but Find Nothing Wrong—Fast Track and Fine Weather—Oakland and New Orleans Results.

BY THE NEW ASSOCIATED PRESS.—P.M. SAN FRANCISCO, March 1.—The sport at Tanforan today was marked by the clever riding of O'Connor and the good turn displayed by the horses carrying the colors of Pat Dunne. O'Connor rode five winners and came third with his other mount. Dunne took three purses, while his other entry, The Phenician, was third. Owing to the poor showing of Quix II, the favorite in the first race, the judges made an investigation. They found that Henry followed instructions in taking his mount back, and as there was nothing wrong with the bookmaker's sheets, the matter was dropped. The weather was fine and the track fast.

Six and one-half furlongs, selling: Pando, 104 (O'Connor), 11 to 5, won; Sublimis, 107 (Daly), 15 to 1, second; Quix II, 112 (Henry), 4 to 1, third; time 1:25 1/2. Gold Blade, Quibo, La Calma, Comsumer and Cantinus also ran.

Three furlongs, purse: Constable, 105 (O'Connor), 5 to 1, won; Yrula, 110 (Daly), 5 to 2, second; Sir Claus, 108 (Thorpe), 1 to 1, third; time 1:10 1/2. Maniac, Loulette and May 8, also ran. Mile and one-sixteenth, selling: Nana, 108 (O'Connor), 4 to 1, won; Torment, 113 (Burns), 5 to 5, second; Ardis, 97 (Daly), 4 to 1, third; time 1:24 1/2. Bogus Bill and Vain also ran.

Five furlongs, purse: Autumn, 105 (Burns), 5 to 2, won; Specio, 111 (Henry), 5 to 2, second; Confession (Henry), 14 to 5, third; time 1:15 1/2. Bonnie Lusk also ran.

Six furlongs, selling: Kitty Kelly, 103 (Miller), 7 to 2, won; Alce, 111 (Thorpe), 7 to 1, second; The Phenician, 111 (O'Connor), 9 to 1, third; time 1:14 1/2. Alce Redwald, Amasa and Silver Garter also ran.

One mile, selling: Benson Caldwell, 107 (O'Connor), 2 to 1, won; Ardena, 104 (Henry), 5 to 1, second; William 104 (Murphy), 4 to 1, third; time 1:44 1/2. Locera, Thorwald, Darlene and Kingstella also ran.

SHAMROCK A NEW ONE. UNLIKE ANY OTHER YACHT.

BY THE NEW ASSOCIATED PRESS.—A.M. GLASGOW, March 1.—(By Atlantic Cable.) Sir Thomas Lippson had a long conference today with Mr. Watson and Mr. Bycamore in regard to the future plans. In the course of an interview later, he informed the Associated Press that the Shamrock II, was totally unlike any yacht ever launched on the other side of the Atlantic. The shape of the hull, he believes, will give designers on both sides cause for reflection.

"I had the greatest difficulty," said Sir Thomas, "in inducing Mr. Watson to undertake the work. The discovery he has made in connection with designing this boat is of immense importance."

Prizes to be Distributed Today. First Three to be the Lucky Ones.

Today will be the banner day of our special piano sale. We have met with such splendid success in this undertaking that we feel a little generous today, and to the first three purchasers today we will make some extra inducements to cause them to call early and avoid the rush.

This inducement will consist of giving today only, an elegant dust piano bench, a fine silk or French velour scarf, a rubber cover, a piano instructor and a written guarantee to tune your piano free for two years, besides the regular five year guarantee which accompanies each instrument. These will all accompany the first three pianos sold today, no more, no less, and the prices remain just the same from \$150.00 upward. You may think we are a little foolish to throw in so much extra value at these prices, but we feel pretty good this morning at the success we have met with during this week's great sale.

We don't care much whether we sell more than eight pianos today at the prices at which they are marked, for we have accomplished just what we started in to do, viz. sell some pianos and sell them quick. All this we have done, and today will make a fitting climax to our wonderful week's work. We still have several of these beautiful styles in Mahogany and Walnut Pianos at \$224. One more good make at \$155, last one, and a number of the higher grades. Terms cash, or \$25.00 cash and \$10.00 per month. If you only knew and appreciated the wonderful offerings we have on our floor today you would be in the line early this morning, awaiting your turn to secure your choice. A word to the wise is sufficient." And if you ever intend purchasing a piano for your home it is only justice to yourself, your family and your purse for you to at least investigate the matter today before it is too late. Remember the number is 353 South Broadway. Remember it is Salyer's Piano House.

Tie a string around your finger then you won't forget. Green Front Piano Store near Fourth.

THIEF FINALLY CAPTURED

After waiting just a year, the detectives finally laid their hands on the man. He was arrested at Acosta's, Serna, and he was landed in jail yesterday on two charges of petty larceny. He is a white young man, but his name is not smart enough to escape arrest.

Serna works at anything, having been hired as a messenger and a metal worker at various times. Last March, while employed at a local machine shop, he was charged with a man, Gus Escallier, and disappeared, keeping out of sight until three months ago. In December, while working at a garage, a young man named Tom Acosta, Serna, arose very early one morning and left the room with a trunk. He took a young man's Acosta's clothing, a clock and various trinkets. The thief kept shady company, and he was not seen again until located him in a room at the Roosevelt. He was in the room, and he was taken out in the evening. He admits his guilt.

Women's Christian Temperance Union

There are two alleged immoral resorts in this city, which are eyewores to the Woman's Christian Temperance Union, and the members of this organization have set out to close them. To this end a committee of fifteen women, representing the mothers of the city, called at the Mayor's residence yesterday.

The immoral places, so called, are a show on South Main street and the Harmonia Club on Boyce Heights. The address of the Mayor is 1001 North Union of Unions, as it has been reported to the women to be a very nice place.

Mayor Snyder was not in his office when the women called, so they went to his residence, where they met the Chief Elton. The Chief is in San Diego, but the visitors were given such a good time by the Chief's wife, Bradish. He said the Chief is doing all he can, but that the law is in

dence of W. B. Scott at No. 116 South Burlington avenue, was entered by

burglars, and a big quantity of valuable articles taken. The detectives were called to the scene, and arrested them, and several days ago received information that led them to believe that either one of the burglars or some of the stolen property might be found in the Arlington House. Consequently, they went there, and found and Capt. Brandish went there, and arrested the three men. A search of the house failed to reveal the escape and a pair of opera glasses hidden between the curtains of the bed, and these valuables have been handed by Mr. Scott as belonging to him.

"You may be sure that I will be here five weeks. The detectives believe he is a thief. In explaining his case to me, he said that he had never seen him, but that he had seen him say he met a man in an alley by an old doorway one night and gave the man the goods for a price."

Ordway probably knows not only all about the Scott burglary, but others of the same kind.

Oil of 25,000 barrels was the yield of the fields of Allerton during the month of February, and it marks over 2500 barrels over the output of the same month of the year.

With a record month, it is estimated that the output of the fields in the next two months will be in excess of 50,000 barrels.

One of the operators, who has been drilling for some time, has been drilling for some time, has been drilling for some time.

For the Pico Company a standard hole is being sent in the drill having been started in the first of the week.

When the well is completed, it is expected that the operators will be able to handle the heavy sand, etc., so successfully that little delay will be occasioned.

The new well of the Pico Company has reached a depth of seventy-five feet at last report, and the well is meeting with easy formations.

The Rosedale Cemetery well is now at a depth of 110 feet, and the well is meeting with easy formations.

Out in the northwest, the Sterling Oil Company is meeting with many successes and is losing no time in enlarging its plant.

On the northeast, a new well has been started. On that tract the company put in a test well some time ago, and the result is confident that it will strike a rich flow when a full-sized standard hole is put down.

On the third tract the company has a new well in 110 feet, and indications both in the well and on the surface are flattering.

OIL IN NEW MEXICO.
BY THE NEW ASSOCIATED PRESS—P.M.
CARLSBAD (N. M., March 1)—Oil has been struck thirty miles below this place near the Texas state line, and almost on the line of the railroad.

It was found at a depth of eighty feet and bubbled up from the bottom of the well in the spring. An examination of the district disclosed strong indications of oil over nearly one million acres of hitherto useless land.

The producers' association of the Kern fields has turned away 100 carloads of oil this month, in excess of the amounts sent out to fill the contracts of the individual companies composing the body.

WASHINGTON'S NEW FIELD.
Great excitement has been caused by the discovery of petroleum and natural gas around Colville, Wash. Six miles from Mill Creek indications were found, and it is expected that a rig will be at work on the property before many days.

Experiments have convinced the most skeptical. One party by probing through the alluvium in the bed of the creek into the underlying stratum of gravel released large bubbles of combustible gas, which rose to the surface of the water. This test was repeated several times at different points along the stream, and all were convinced that oil in plenty could be found if a search is made for it.

WHITTIER FIELD.
NEWS FROM OPERATORS.
WHITTIER, March 1.—[Regular Correspondence.] The North Whittier Oil Company, which is operating on the east slope of the Puente hills, is redrilling its well with a 5 1/2 bit. This hole was put down over 1000 feet, with a good stratum of sand at the bottom.

The well was "plugged out" and consequently it was decided best to take out the four and one-half-inch casing and carry the next large size down to a greater depth. This was done, and the casing strengthened with two thicknesses of stovepipe on the outside to resist the conglomerate formation, which had almost destroyed the first string of five and five-eighths-inch in the hole.

The drilling of this well has effectively demonstrated the presence of oil on the territory, which will be thoroughly developed, whether well No. 1 proves a success or not. The well which the Standard Crude and the Pennsylvania Oil companies are jointly drilling in La Habra Valley, is now down over 800 feet.

A new and more progress impossible for a number of weeks, but this stratum has now been passed, and the hole is being made rapidly.

Heart Still Beating.
BERKELEY, March 1.—President Wheeler announced at the university meeting today that Mrs. Phoebe A. Hearst had executed papers conveying to the university Heart Hall, the new gymnasium for women. The building cost \$22,000; the baths and heating apparatus, now in process of building, \$7000; the gymnastic apparatus and furnishings, \$7500, and the site \$11,000, making the total value of Mrs. Hearst's bequest \$43,500.

SPRING

Alias March---April---May

Has arrived and we find in its pack pimples, boils and other eruptions, that tired feeling, weakness, languor, loss of appetite, and other troubles.

But we also find there—as a good was found with the ills in Pandora's Box—Hood's Sarsaparilla. That will cure all the troubles in the pack.

HOOD'S SARSAPARILLA will thoroughly cleanse your system—make you look better, feel better, eat better—make you well and strong.

"There is no spring medicine equal to Hood's Sarsaparilla. All the members of my family take it every spring, and we always keep it in the house." Mrs. E. Tomlinson, 723 South Flores St., San Antonio, Tex.

"As a spring medicine Hood's Sarsaparilla is excellent. It dispels that tired, languid feeling which makes life a burden." Lora Pease, Hannibal, Mo.

Hood's Sarsaparilla doesn't make a single promise it doesn't fulfill—and it promises to cure all spring troubles.

"It Saved My Life."

I was in bad health this spring and could not sit up in bed for four weeks. When I was confined my child died. When I began to sit up I felt so weak and had such terrible pains in my back and hips. I had kidney trouble, heart trouble and falling of the womb. I also had hysterical spells. I was in a bad condition when I received your "Ladies' Remedy" and read the advertisement of Wine of Cardui and Theodor's Black-Draught. Since April 20th, I have taken four bottles of Wine of Cardui and three packages of Theodor's Black-Draught. I feel like a new person now. I can do all my work and can walk out to see any of my neighbors. I believe I would have been in the grave had it not been for Wine of Cardui. IT SAVED MY LIFE.

It is well that women are more patient than men. Few men could bear the bitter pang, the agony and distress that women endure. Thousands of women have come to know suffering as a duty of their sex. But there are many instances of this heroic fortitude which

WINE OF CARDUI

new renders unnecessary. Women need no longer suffer for modesty's sake. Wine of Cardui brings relief to modest women in the privacy of their homes. Many of the best homes in this city are never without this great medicine. It cures "whites" and falling of the womb and completely eradicates these dragging periodical pains. Mrs. Davis' cure shows you conclusively what you may expect if you follow her example and take Wine of Cardui. Theodor's Black-Draught aids Wine of Cardui by regulating the stomach and bowels. When you ask your druggist for these medicines, be sure you get them. It was Wine of Cardui and Theodor's Black-Draught that saved Mrs. Davis' life. Never take a substitute.

For Brain Fag

Loss of mental energy, lack of thought power, failing memory or inability to concentrate the mind on the work in hand, there is nothing so good as Dr. Miles' Nervine. Its powerful influence in building up and strengthening the broken-down nerves, makes this great remedy an invaluable brain-food and restorative. It nourishes, fortifies and refreshes the tired and worn-out brain and gives new strength, new life, and new energy to the system.

"My nerves were debilitated, and I had much dullness, confusion of thought and inability to perform accustomed brain work. After severe mental effort I would be so overcome and weak that my stomach was greatly deranged. Hearing of Dr. Miles' Nervine I began taking it; and I truly believe a good share of the nerve energy I have since enjoyed is due to its influence." REV. L. STEERE, Douglas, Wyo.

Dr. Miles' Nervine

Adds renewed force to the system, puts a new light in the eye, gives new firmness to the step and new life to the mind. Now is the time to try it.

Plasmon...

As a Diet In Disease and Health.

"Proteids fulfill by themselves all the demands of a complete food."

HUGHES BENNETT.

Plasmon is the most digestible and nutritious food known to medical science.

Plasmon is a light powder made from fresh milk, and is albumen in its purest and most natural form, which in itself represents all the elements that are required for nutrition, and being thoroughly absorbent, it is not impervious to the juices of the digestive canal. It does not, therefore, act as a burden to the "weak stomach" and "lazy intestines."

Plasmon Stimulates the natural appetite, favors digestion, and its addition to the delicacies of ordinary diet for the ailing which are ordinarily allowed invalids and convalescents, increases their digestibility and assimilability, besides furnishing the proper nutrition.

Plasmon is pure proteid (albumen) and consequently has neither taste nor odor, for which reason it can be added to any food without in any way changing the character of the food.

Plasmon Should be used in febrile and wasting diseases, and in all conditions which demand an especially nutritious food. It is not a costly luxury, but an inexpensive necessity where nutrition is needed. It may be used as a substitute for fresh meat and eggs, and is the cheapest form of pure nourishment known. One teaspoonful contains all the nutriment of one-quarter pound of the best beef.

Plasmon is recommended by the world's greatest physician for invalids and convalescents.

NEWS AND BUSINESS.

Late Gen. Remick.

James G. Warren started last evening by way of the Santa Fe Limited with the remains of Gen. David Remick, forwarded for interment at Burlington, Iowa.

The Kamsacker.

The persistently active burglars started in on the new month by completely ransacking half of the residence of Joseph E. Quinn at No. 318 West Twentieth street, but got practically nothing for the trouble.

Star and Crescent.

The Star and Crescent Society of the High School yesterday elected the following officers: President, Harry A. Howell; vice-president, Allice Hartley; secretary, Miss Carrie Lenz; treasurer, Paul Gow.

To "Liner" Advertisers.

Patrons of this overcrowded department are requested to have their copy for tomorrow's issue in the hands of the printers early this afternoon. This is necessary in order to insure insertion and correct classification.

Charged With Burglary.

A young man named Willie Childs was arrested early this morning on a warrant charging him with burglary. According to the statements of officers, he stole clothing and a watch chain from a friend last July, and sold or pawned the articles.

Indian's Offer.

The Indian Society of the High School yesterday elected the following officers: President, Victor Lockwood; vice-president, Roy Kern; secretary, Hanna Paul; treasurer, Claire Unstead; Misses Stella Pinyan and Jessie Holmes; and Rowland Hudson; Royer Graybill, were chosen critics.

Pico Heights School.

The Child Study Circle of the Pico Heights school was well attended Thursday afternoon. Mrs. Washburn contributed a vocal solo and Hazel Rosenburg a piano solo. The Rev. Deputy Superintendent C. L. Ennis addressed the meeting on "Grading and Frustration of Children." An interesting discussion followed.

Battley Goes.

E. C. Battley, for several years manager of the Echo Mountain House and for the past several years agent of the Mount Lowe road, has resigned his position to accept a mercantile position in the East. He will be succeeded temporarily by H. F. Geary, who has been connected with the road for several years, mainly in the passenger department, but of late as purchasing agent.

Confesses His Crime.

William Healy, a twenty-year-old waiter, who worked several weeks at the Wallace and Deering livery stable on Los Angeles street near Second, was arrested yesterday evening by Detectives Auble and Hawley and booked at the City Jail for embezzlement.

Making Out a Case.

Chief of Police Elton returned yesterday evening from San Diego, where he went to compare notes with officers of that city concerning the stolen goods found in the trunk of C. Donald Lowe, arrested here for burglary some days ago. Part of the property found in Lowe's trunk had been stolen from several residences in Los Angeles during the past two months.

Central W.C.T.U.

The Central W.C.T.U. met in Temperance Temple yesterday afternoon and elected officers for the year as follows: President, Mrs. Ada R. Hand; vice-president, Mrs. L. M. Sutton; secretary, Mrs. H. M. Hunter; recording secretary, Mrs. Laura T. Carter; treasurer, Mrs. S. H. Manner; successor to Miss Barnhart. Next Friday afternoon annual reports will be read at the regular meeting of the Central W.C.T.U. in Temperance Temple.

Swallowed Poison or Liqueur.

Mrs. Alice Gilman, who presides over the destinies of a little cottage on the corner of Fifth and Main streets, was taken to the hospital yesterday, and as a result put herself out of business, either with liquor or poison. At all events, she made a row sufficient to cause the patrol wagon to back up to her house in order to bring in the services of a physician, whose stomach pump extracted the feelings of distress, which she asserted her husband had administered. The woman's hysteria caused considerable excitement in the neighborhood during the early hours of the afternoon.

REVIEWS.

Owing to unavoidable delays in shipping, it will be impossible to issue the usual "Tomorrow's Picture" with tomorrow's (Sunday) Times, as originally intended. By this delay, however, patrons will not lose any of this series of beautiful pictures, as the one intended for tomorrow will be supplied later. The Times will be a treat for all music lovers. The edition is under a handsome lithographed cover, and is of superior quality. Music lovers will appreciate it.

Remember the poor—The Good Samaritan department of the Bethlehem Benevolent Board solicits new and cast-off clothing of all kinds; shoes, beds and furniture, especially bedding; food supplies, broken food from hotels and restaurants, food left over from banquets and suppers, culls of fruit and vegetables. Everything will be carefully distributed among the needy. Send to Vignes and Ducommun streets, or call up Tel. John 28 for wagon, or when wanting man, woman or boy for work.

"The Self-Destructiveness of Sin" will be the Rev. Dr. George Thomas Dowling's topic at the Episcopal Church, Flower street, corner Pico (Thirteenth street), tomorrow morning at 11 o'clock. At 7:30 p.m., Dr. Dowling will deliver the third sermon in his series on "Popular Misconceptions Concerning the Episcopal Church." It is "Busted and Exposed."

Sunday service, First Congregational Church, Hill and Sixth. Rev. Dr. Day speaks in the morning and Rev. William Horace Day in the evening. Subject, "Doubt and Discipleship." The fourth sermon in the series on "Five Problems Before Young People."

NEW HUMANE SOCIETY.

Reorganization Effected Under a New Plan—Officer Craig Reappointed and Clothed With Proper Authority.

The Los Angeles Humane Society, which has been under a legal cloud since Judge Smith gave his famous decision in the Bidderman case, whereby a convicted felon was saved from the inconvenience and disgrace of going to State's prison, has not gone out of business. In fact, the adverse decision of Judge Smith has proved a blessing in disguise. The society now has more devoted friends and adherents than it ever had before, and it has been reorganized and put on a basis which it is believed will stand the test of the courts in any future questions which may arise as to the validity of its organization.

Judge Smith's decision virtually meant that the society, as heretofore existing, was not a legal entity. Judge Smith's decision, however, was not a complete bar to the society's activities. The society now has more devoted friends and adherents than it ever had before, and it has been reorganized and put on a basis which it is believed will stand the test of the courts in any future questions which may arise as to the validity of its organization.

A new set of bylaws, drawn up by Attorney Hartley Shaw, son of Judge Lucien Shaw, was adopted and subscribed to, and in accordance therewith a new board of directors and officers were elected, as follows: Dr. F. A. Seymour, president; Hartley Shaw, vice-president and attorney; Mrs. Elizabeth Mills Millard, secretary; Dr. W. Lamb, P. B. Chase, Mrs. J. D. Hooker.

W. B. Craig, who for more than a year has served the society faithfully as humane agent, was reappointed. He has also been regularly appointed a special policeman, so that there can now be no question as to his authority to make arrests for offenses against humanity and the State of any description whatever. Should "Natchez" Bidderman or any other offender fall into his clutches in the future, it may not be so easy to wiggle out through a technicality, as it is believed that the Humane Office is now so hedged about by the authority of the law as to make his future official acts legal.
